

PLEASE CONSIDER SPONSORING THE SRAC JOURNAL  
WITH YOUR CONTRIBUTUION AT ONE OF THE LEVELS LISTED BELOW.

Many of you are familiar with our quarterly journal, and the quality and volume of educational information we try to bring to the community throughout the year. In fact our range of readership includes high school students to retired persons as well as professional scientists and local universities. The journal has grown into a well read and respected publication; and we hope that it will continue to grow and be a resource of educational and entertaining material for years to come. Obviously, with this continued growth not only in content and pages but distribution, there are added costs associated. For this reason, we have decided to offer sponsorship by local individuals, families, and businesses who want to help us in our efforts. We currently publish and distribute 1,000 copies each quarter ~ that's currently 4,000 copies each year, with our coverage mainly in Bradford County PA and Tioga and Chemung Counties in NY, but we have readership that reaches far beyond these boundaries as well.
